

SHORT TERM MIXTURES

1-4 YEARS

COLOSSAL® SILAGE

Mainly Cutting

For maximum yields of top quality silage

- ◆ Based on the most recently introduced varieties of Italian Ryegrass for high yields of quality silage
- ◆ Contains a proportion of hybrid ryegrass to boost spring growth and yield
- ◆ Close cutting dates make this mixture easy to manage
- ◆ Good spring and autumn production

Guide to first cut:
4 inches (10cm)

ITALIAN RYEGRASS	66%
ITALIAN RYEGRASS (TET)	17%
HYBRID RYEGRASS (TET)	17%

ADMIRAL'S CHOICE

- 35%** **Twymax** Late Perennial Ryegrass (Tet)
 - 35%** **Elgon** Late Perennial Ryegrass (Tet)
 - 30%** **Red Admiral** Red Clover Blend
-
- 100%**

Formulated to produce high yields of protein rich silage for a minimum of three years. Slightly later cutting than Colossal Red with less fibre but higher sugars to compliment the protein in the clover.

POLYCROP®

Dual Purpose

Sugar rich, short to medium term ley

- ◆ Highly palatable and productive ley with multicut potential and excellent aftermath grazing
- ◆ Ideally suited to early turnout
- ◆ Expect improved liveweight gains in beef and lambs

Suggested seed rate:
13-18 kgs per acre
(33-45 kgs/ha)

Guide to first cut:
4 inches (10cm)

Please note White Clover is no longer included in the mixture but can be supplied separately if required

HYBRID RYEGRASS (TET)	47%
INTERMEDIATE PERENNIAL RYEGRASS	13%
INTERMEDIATE PERENNIAL RYEGRASS (TET)	10%
LATE PERENNIAL RYEGRASS	10%
LATE PERENNIAL RYEGRASS (TET)	20%
